Ecostyle Towel Bar Radiators

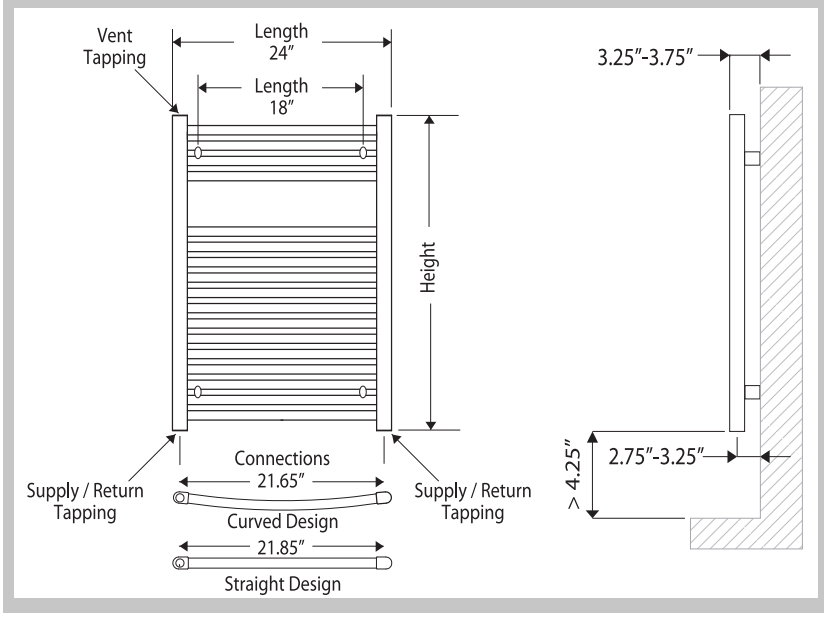
Ecostyle towel bar radiators have long been used in Europe to warm people's towels as well as heat their bathrooms, kitchens, hallways without wasting valuable wall space while providing comfort and elegance to all types of interiors.

Ecostyle Towel Warmers are available in both straight and curved bar design. They can be ordered in white or chrome finish. Outputs range from 1,346 Btu to 3,967 BTU/Hr, plenty of heat for most bathrooms, laundries or halls. They are 24" wide and available in heights of 33", 48', 59" and 70", enable them to fit in tight spots.

Ecostyle towel bar radiators are an excellent way to add heat and remove dampness from almost any area. Many use Ecostyle towel bar radiators to dry their hand-washables.

Ecostyle towel bar radiators have two bottom connections and a top air vent. They are available with optional electric elements or non-electric thermostatic control heads.

EcoStyle Towel Warmers are warranted for five years.



Optional Equipment

Valve Kits (White & Chrome)
Electric Elements

Standard Equipment

White & Chrome
Wall Mounting Brackets
Air Vent
