Oil De-Aerator

More than just a problem solver! Whether it's air elimination, nozzle coking problems, vacuum reduction, oil preheating, or just the elimination of that potentially leaky return line, De-Aerators are today's safe, economical choice for all oil supply systems. They are a product designed to meet increasing demands for energy savings, and the environment.

Ecostyle Panel Radiators and Towel Bars

**10^{YR}
WARRANTY**

Ecostyle Radiator Panels Provide exceptional radiant heat while adding style to a home. Radiant heat acts like the sun, heating objects and people, not just air. This even warmth minimizes cold spots and drafts throughout the home. Ecostyle Radiators are equipped with integrated flow-regulating valves which provide the flexibility to individually control each radiator. The feature offers a convenient and inexpensive means of sub-zoning. Ecostyle radiators are designed not only for style and efficiency, but also resiliency. The radiators are manufactured from high quality steel and finished with high gloss stove enamel, making them scratch and corrosion resistant. With clamp mounting brackets and bottom connections, the Ecostyle Radiators are easy to install and reversible.

Each radiator is guaranteed for 10 years from the date of installation against defects caused by faulty materials or manufacture. The defective product is replaced by a similar or technically corresponding radiator.

Ecostyle Towel Bar Radiators

Style Towel Bar Radiators have long been used in Europe to heat bathrooms, kitchens, hallways, etc. without wasting valuable wall space. These radiators are designed to offer comfort and elegance to all types of interiors.

Ecostyle Towel Bars Available in Straight Back or Curved Back Styles.

DESIGNER SERIES RADIATORS

Kontec

Kontec Tube Radiators are architectural, flat tube, radiators are ideal for providing warmth, style and efficiency to your living space. With their horizontal arrays of flattened tubes, Kontec radiators will supply comfortable heat at low flow temperatures eliminating drafts and cold spots. Convector fins welded to the tubes on the back of the radiator help increase heat transfer from the boiler water to the room space. Kontec panels are available in a variety of sizes to fit almost any requirement.

PCV Designer Radiators Panels bring an upscale look to heating installations with their horizontal ribbed profile and smooth contoured edges and corners. PCV Panels blend seamlessly into both traditional interiors and more modern decors. With a variety of heights, up to 36", PCV panels can be installed in almost any location.

Kontec Vertical Radiator

RCV

RCV Designer Radiators Panels bring an upscale look to heating installations with their horizontal ribbed profile and smooth contoured edges and corners. RCV Panels blend seamlessly into both traditional interiors and more modern decors. With a variety of heights, up to 36", RCV panels can be installed in almost any location. Their high output per foot enables less wall space to be occupied giving more freedom to locate furniture and decorations.

AUTOMATIC OIL DE-AERATOR

OptiFuel
 OPTIMIZING COMBUSTION

Pushing the efficiency
 OF OIL HEATING TO ITS LIMIT

**RELY ON
 GRANBY'S
 EXPERTISE**

- Easy installation of a TOP DRAW outside oil tank with using a single oil line to the oil burner.
- Also available with 10gph or 17gph integrated oil filter.
- Large oil and air compartments for greater de-aeration capacities.
- Prevents the need for a service technician to re-prime the oil pump upon oil run outs.
- Manufactured with a "Fluorinated" plastic, exclusive to Granby to prevent odors from seeping through the plastic container.
- B-100 Ready

ULC compliant
 Fusible Link
 Safety Device
 exclusive to
 Granby.

The only available oil de-aerator
 100% ULC certified that meets
 CAN-CSA B139 requirements.

COMBUSTION ANALYZERS

BEST VALUE!

Testo 310 - Combustion Analyzer

New

Testo 300

Advantages of the Testo 300

Brilliance you can touch

- Intuitive touch operation
- Perfect read-out at all times
- Self-explanatory measurement menus

Fast on: No more waiting

- Immediately ready to go from stand-by mode

Paperwork was yesterday

- User's own comments in report
- Customer's electronic signature
- Customer data in instrument

Connected to your smart world

- Send reports by wireless LAN

Nonstop measurement

- Newest gas sensors for more applications
- Up to 5 year manufacturer's warranty

The Testo 300 flue gas analyzer is ideal for the most important measurements involving heating systems. It combines decades of experience in measuring technology with contemporary smart-touch operation, robust construction and e-mailing of reports. The Testo 300 enables easy measurement of flue gas, draft, pressure, ambient CO and differential temperature.

Features:

- Durable Carrying Case
- Spare Filters & Li-ion battery
- 2-year Sensor Warranty
- Five line backlit display
- 10 hr. Li-ion rechargeable battery
- Pre-programmed with 5 fuels
- Infrared Printer & Paper
- 12" probe and 4' hose

Measures:

- O₂ CO (w/ NOx filters standard), CO₂
- Draft & Pressure
- Temperature (flue & ambient)
- Combustion efficiency & excess air
- Undiluted CO (CO air free)
- Ambient CO

Bacharach Oil Burner Combustion Kit

B 10-5022 Complete with:

- ◆ 10-0100 Carrying Case
- ◆ 10/5064 Fire Efficiency Finder
- ◆ 11-0121 Moisture Absorption Material
- ◆ 11-7029 Sampling Hose Assembly
- ◆ 11-7032 Fyrite Co₂
- ◆ 12-7014 Tempoint 1000°F Thermostat
- ◆ MZF Draft Gauge
- ◆ 21-7006 True Spot Smoke Tester

\$1,714.00

OIL BURNER SMOKE GUN & SMOKE TEST PAPER

Combustion Smoke Tester

Determines efficient combustion and is internationally recognized as the standard method for evaluating smoke density in the flue gases from distillate fuels.

| Order No. | Description | Net Price |
|-----------|---------------------------------|-----------|
| MN27-16 | Mitco Smoke Testing Set | \$230.50 |
| B21-0040 | Bacharach True Spot Lubricant | \$66.00 |
| B21-7006 | Bacharach True Spot Testing Set | \$382.50 |
| MN29-26 | Universal Smoke Test Paper | \$32.00 |

MN29-26: Package of 50 precut strips and smoke scale per tube. Paper is suitable for Bacharach, Dwyer, Testo and Smoke Check.

COMBUSTION ANALYSIS Co₂ FLUID

| Order No. | Description | Net Price |
|-----------|---|-----------|
| N28-17M | Includes: 2 bottles Clearview fluid, top gasket, screws, filtering material & 2 safety gloves | \$81.50 |
| N28-16M | Includes: 1 bottle Clearview fluid, valve plunger gasket, top gasket, screws, diaphragm, filtering material & 2 safety gloves | \$120.50 |
| N29-67M | Exact replacement for Bacharach Fyrite fluid includes: 1 bottle fluid | \$40.50 |

COMBUSTION ANALYZERS

Entry level analyser for domestic oil, gas & biomass appliances

KANE 258

- * O₂, CO & over range protection
- * Easy to use rotary dial and large display
- * Purge pump prevents accidental CO sensor damage
- * Hydrogen (H₂) ready - up to 20% blend
- * Protective magnetic sleeve for hands free use & infrared link to optional printer
- * Suitable for CCN1 or CCLP1 (including CPA1) & CENWAT

Boiler commission & appliance sweep test analyser

KANE 358

- * Tests domestic appliances as KANE258 plus:
- * TB143 Benchmark boiler commissioning test
- * Automatic let by & tightness tests
- * High accuracy differential pressure meter +/- 80mbar
- * Flue Draught
- * Also suitable for CMA1 & MET1

OIL BURNER TESTERS

PUMP TESTING MANIFOLD

- MP115-10 Features:**
- Accurately checks pressure, cutoff and vacuum under actual operating conditions
 - Adapter fittings for all pumps, including Riello

HANDY & INNOVATIVE 3-in-1

\$390.⁰⁰/_{ea}
ORDER # MP115-10

OIL BURNER TRANSFORMER TESTER

Order# B SC-2100

- Check all makes & models of oil burner ignition transformers
- Checks **both** old AC Transformers & new electronic ignitors!

\$95.⁰⁰/_{ea}

SAFETY FIRST!

SOLID STATE IGNITOR TESTER

Order No. MT400M

Using the T400M is the best method of accurately, quickly and safely testing solid state electronic ignitors. Works on all solid state oil ignitors, standard gas ignitors and Riello oil and gas ignitors. No Connections Req'd.

\$156.⁵⁰/_{ea}

MITCO KWIK CHECK II \$170.⁵⁰/_{ea}

Order#: MP115-2M

Pressure & Cut-Off Tester

Tests pump pressure and cutoff of fuel oil pumps quickly and accurately without removing the pump from the oil burner. Can be used on all pumps with operating pressures up to 300 psi.

For Riello Pumps add:
Order # MP115-14M
Riello Adapter Kit \$15.50 ea

MITCO OIL WATCHER \$136.⁵⁰/_{ea}

Order No. MP115M

Clear tubing and fittings provided to adapt to any suction line. The oil watcher vacuum gauge enables the service technician to analyse problems caused by oil impurities, leaks and high restrictions.

It Pays to Invest in Testers

Testing Equipment definitely takes the guess work out of servicing burners. This saves you time and money during service calls. Want to make more money and improve your profits? Buy oil burner testers – they are definitely worth the investment.

DELUXE IGNITION TRANSFORMER TESTER

Can be used *without removing the transformer from the oil burner. Identifies a transformer that is deteriorating, even though it may appear to have an adequate spark.*

Order#: MT389

\$275.⁵⁰/_{ea}

CAD CELL TESTER \$176.⁵⁰/_{ea}

Quickly checks the cad cell relay and the cad cell eye, without removing either from the burner.

- Checks all models of cad cell relays and cad cell eyes
- Accurate and reliable
- High impact case

WARD HEATING PRODUCTS

Heating Oil Leak Detection

OIL YELLER For Indoor Tanks, Filters and Burner Applications

Rectangular Filter Trays for burners and/or filter leaks

Wide Trays for New 200 & 250 Gallon Steel Tanks

Narrow Trays for Retrofitting Existing Tanks

L-Shaped Burner Trays for Burner, Filter & Connections

Oil Yeller Tray Features:

- Promotes clean and safe heating oil storage
- Designed to capture leaks from tank, filter, burner fittings or overflow situation.
- Designed to protect environment during annual filter replacement. No drips on the floor.
- Material: Oil Resistant High Density Polyethylene.
- All tank trays extend approximately 1ft beyond tank to accommodate filter and valve connections
- Choose from two options for tank trays: Wide trays for new 200 and 250 gallon tank installations and Narrow trays for retrofitting existing tanks
- L-Shaped Burner Tray fits under burner and around furnace or boiler. Simply slides in place.
- Rectangular Filter Tray fits under burners and/or filter applications.
- Prevents common leaks and spills from damaging the home or business environment
- 5 Year Warranty

Oil Yeller Alarm Features:

- Prevents leak detection alarming
- Trips immediately in the presence of pooled oil
- Velcro mounted for easy installation
- Two models to choose from: 9 volt battery or direct connection to security system
- Typical 9 volt battery performance 3 years (10 years lithium)
- Low battery warning alarm
- Easy self check design and reliable spring loaded float design
- Five Year warranty

Recommended protection by insurers and fire marshals

WOW!

NOW...YOU CAN MAKE ANY

OIL SPILL VANISH

Oil Spill Vanish is a green product that removes the smell and stain of any hydro-carbon on contact and renders it non-toxic!

Includes (2) 32oz spray bottles, 5lb bag of powder, Scraper and Storage Container

\$149.⁰⁰ each

Easily Clean Up: Crude Oil - Heating Oil - Gasoline - Kerosene - Hydraulic Fluids - Motor Oil - Diesel

ON HARD SURFACES

Cement, Wood, Vinyl, Brick and More! Quickly eliminate oil stains & Odour is killed on contact

ON WET SURFACES

Oil rainbows disappear on contact, Oil Solutions safely absorbs oil from water surface in seconds

ON SOIL

Oil Solutions encapsulates the spill in the soil to an environmentally safe white silica that can be left on site

Check out our 4 online video demonstrations at: www.wardheating.com

FPPF SPECIALTY FUEL OIL TREATMENTS

SBG "Sludge Be Gone" Sludge Remover

SBG Fuel Oil Sludge Remover is formulated to eliminate sludge and water. SBG also helps to improve atomization and will provide a more efficient combustion.

Features:

- Cleans filters and strainers
- Provides for more efficient combustion
- Dissolves all types of sludge into a combustible substance that will not clog nozzles

HOT 4 in 1 Heating Oil Treatment

HOT is a concentrated Heating Oil Treatment that provides superior winter and year round protection for outside, Inside and underground storage tanks.

Features:

- Disperses water and controls waxing and gelling
- Improves combustion for more BTUs
- Helps stabilize fuel
- Removes varnishes from pumps and filters
- Prevents corrosion in the entire fuel system

CAST IRON RADIATORS

Victoria Cast Iron Radiator

The design of the Victoria radiator is exceptionally functional, as well as beautiful. The timeless elegance of ornate casting makes this radiator the perfect solution for any style or time period home, whether traditional, modern or historical.

Gov-Free Free Standing Radiator

Gov-Free traditional radiators offer updated styling and trim lines. They are available in several standard dimensions and can be assembled with any number of sections. Gov-Free is suitable for both residential and commercial applications. This radiant heat - combined with convected heat - provides a warm comfortable environment. It shields outside walls and windows to stop cold air from infiltrating.
