

WARD HEATING PRODUCTS

2018 CORE BUY-BACK PROGRAM

Ward Heating Products is always on the lookout for defective parts to have re-manufactured! Check the list below for products we accept. **New items have been added for 2018!** You may ship items back Pre-Paid freight, or contact us for shipping information. The cost of shipping is deducted from the value of the returns. **Due to shipping costs for heavy items, we recommend only Ontario Customers return Blower, Fan & Burner Motors.**

Terms and Conditions:

- Core Buy-back Credit is applied to customer's account as a **CREDIT ONLY** and can be used for future purchases ONLY unless authorized by Ward Heating Products.
- **Items must be sent back by prepaid freight;** otherwise, the freight charges will be deducted from amount credited.
- We reserve the right to scrap any items that do not meet standards set by our rebuilder/remanufacturer.
- We have lowered the credit value for some items that we have sufficient stock on hand, we will still accept these items back and recycle them for you, but will no longer be able to issue a credit for them. (See core values above)
- Please call prior to shipping for authorization of return.
- Shipments sent Freight Collect without authorization may be refused.
- **Due to product changes by Riello, credit will be issued ONLY for the NEW Style Fuel Pump. The OLD style fuel pump will be accepted, but no credit will be issued.
- Please note that it may be beneficial to those returning Motors to drop off cores in person, or return them in bulk, as cost of shipping is high due to their weight. Relays and small pumps can be economically returned via courier. Call us for more information
